Construction Financing

CPC provides construction financing for all multifamily housing types. Typically, we will simultaneously commit a construction loan and its long-term takeout, which can be committed up to 24 months in advance. This includes lending for the acquisition/refinancing and rehabilitation of multifamily-occupied properties, gut renovation of vacant buildings into multifamily properties, and new construction of multi- and single-family properties.

Ask your mortgage officer how we can help tailor a lending solution to fit your needs, and find out if we can underwrite to savings for sustainability improvements.
Construction Financing

01 Eligible Borrowers
