**REQUEST FOR PROPOSAL FOR MANAGEMENT CONSULTING SERVICES TO IMPLEMENT OPERATING
MODEL**

MAY 14, 2024

I. GENERAL INFORMATION.

- A. **Purpose.** This request for proposal (RFP) is to contract for management consulting services to CPC Climate Capital LLC (f/k/a CPC Green Housing Decarbonization Fund LLC), a New York limited liability company (“CPC Climate”) and wholly owned subsidiary of The Community Preservation Corporation, a New York not-for-profit corporation and 501(c)(3) exempt organization (“CPC”). CPC Climate is a coalition partner of Climate United Fund, a 501(c)(3) selected applicant to the \$14 billion National Clean Investment Fund (NCIF) grant competition of the Greenhouse Gas Reduction Fund (GGRF). The U.S. Environmental Protection Agency (EPA) announced its selection of Climate United Fund (CUF) and its two coalition partners, CPC Climate and Self Help Climate Capital, LLC (Self Help), as selected applicants for a \$6,970,000,000 grant award.

The NCIF is a provision of the Inflation Reduction Act focused on ensuring the clean energy transition brings direct, tangible benefits to all Americans – with a focus on low-income and disadvantaged communities. It has three program objectives: 1) reduce GHG emissions and other forms of air pollutants, 2) bring direct benefits to American communities in the form of energy security, energy savings, cleaner air, and quality jobs, and 3) transform the capital markets so they can drive an equitable clean energy transition at scale.

To learn more about the Climate United approach and coalition, of which CPC Climate is a coalition partner, please visit www.weareclimateunited.org.

We are seeking management consulting services for CPC Climate to support the implementation of CPC Climate’s operating model, the development of a detailed implementation plan, support services to implement such a plan, the establishment of business processes for key functions, advice (as needed) for federal contracting/procurement, the ability to take on certain managed services on either a temporary or permanent basis (as needed), the development and implementation of a regulatory and compliance strategy, and the implementation of all other requirements arising from the CUF sub-award to CPC Climate.

We anticipate that fees will be paid, at least in part, by such award and will be in compliance with any terms of such award. We will procure the services in adherence with the requirements set forth in 2 CFR § 200.317 *et seq.* and EPA’s Best Practice Guide for Procuring Services, Supplies, and Equipment. best interest (in CPC Climate's sole and exclusive discretion), and/or (f) make multiple or partial awards. The award of the contract(s) will not necessarily be made to the organization offering the lowest price. The issuance of this RFP does not imply that CPC Climate is making an offer to conduct, expand, or terminate business with any Proposer. Your preparation and submission of a response does not commit CPC Climate to award the business to any Proposer even if all the requirements are met.
